The Senate:

Notes that torrential rains have unleashed floods in different parts of Nigeria over the past few months, claiming hundreds of lives and damaging thousands of homes;

Aware that so far, floods have ravaged 34 States this year. The states are Kebbi, Cross River, Enugu, Kwara, Lagos, Imo, Kogi, Ondo, Jigawa, Taraba, Rivers, Katsina, Gombe, Imo, Bauchi, Akwa Ibom, Ogun, Anambra, Niger, Katsina, Kwara, Adamawa, Edo, Kano, Benue, Delta, Yobe, Zamfara, Nasarawa, Ebonyi, Enugu, Nasarawa, Bayelsa and Osun, with Kano South the worst hit where 14 out of the 16 LGA were ravaged by the flood;

Observes that in the last three decades, the impacts of flooding have increasingly assumed from significant to threatening proportions, resulting in loss of lives and properties. Though detailed statistics are not available regarding the losses sustained by the urban dwellers and flood victims, it is obvious from the available records that irreparable loss have been sustained by the citizen of Nigeria due to what has become perennial natural disaster in our cities. Apart from houses (built with mud brick, traditional building materials of the area and those not built with modern flood resistant structure) that collapse by flooding, schools, buildings and bridges sometimes collapse as well. Market places and farmlands are submerged for weeks and sometimes are washed away;

Notes that the recurring annual floods in Nigeria especially arising from the release of flood waters from various dams in Nigeria have caused avoidable loss of lives in many communities across the country;

Notes further that these perennial flood disaster have also resulted in colossal loss of property and livelihood, with NEMA estimating the loss at over 2.6 trillion Naira to the menace;

Aware that the attendant loss of lives and livelihood from the avoidable floods has led to dislocations and loss of future direction for the impacted families;

Aware also that these flood disasters have worsened the crises of internally displaced persons;

Concerned that these perennial floods have over the years caused widespread and irreparable damage to the various ecosystems along the impacted areas, with some flora and fauna lost forever, and also introduced several strange vegetation that not only choke native flora, but are usually difficult to control;

Concerned also that these floods have over the years resulted in permanent devastation of vast stretches of arable lands nationwide,

Accordingly resolves to:

- i. *Urge* NEMA to send relief materials to the affected victims in Kano South Senatorial District and other states of the federation;
- ii. *Urge* the Federal Government to convene a Stakeholders meeting to ex-ray the recurring situation with the view to proffering a lasting solution to flood disasters;
- iii. *Urge* the Federal Ministry of Water Resources to rehabilitate existing dams to be able to take in flood waters; and
- iv. *Commend* NEMA, PCFR and other relevant agencies, organizations and individuals whose efforts in creating awareness has led to reduction in casualty level.
