MOTION

5. **Call for Improved Health Sector Funding Throughout the Federation.**
Hon. Akinwunmi Nurudeen Olaitan Hon. Jimoh Abdulraheem Olajide:

The House:

Notes that Health crisis in Nigeria is unprecedented as the mass exodus of medical doctors out of Nigeria is on the rise and at an alarming rate;

Aware that, the Premium Times of May 27, 2018 reported Dr. Francis Adedayo Faduyile, President of the Nigerian Medical Association (NMA), to have summarized reasons Nigerian Medical doctors are leaving the country including, poor remuneration, poor facilities in hospitals which ultimately results in lack of job satisfaction;

Further aware that contrary to the recommendation of World Health Organization (WHO), of one doctor to 600 patients, Nigeria has a ratio of one doctor to 6000 patients;

Disturbed that the World Health Organization (WHO) rates Nigeria 187 out of 191 in the world health systems, a great indication that our health care system has been neglected for a long period of time evidenced by lack of funding, undersupply of equipment, inefficiency, decrepit equipment, needless deaths and unmotivated workforce;

Cognizant that there is need for increase in the number of Public Health Centers, with adequate drugs, modern facilities and managed by specialists;

Worried that many of the country's general hospitals are not in good condition.

Resolves to:

- (i) Urge the Federal Ministry of Health to liaise with the various States Ministries of Health to improve the funding of Nigeria's health sector;
- (ii) Mandate the Committees of Health Care Services and Health Institutions to ensure compliance.
