The Senate,

Notes that the National Emergency Management Agency (NEMA), the agency responsible for the management of disaster in Nigeria, On Sunday, 11/10/2009, warned the nation on the imminent threat of drought in this cropping season, due to cessation of rainfall in some parts of the country;

Notes also that the regrettably, when NEMA predicted and warned the nation on likely flooding in various parts of the country this year, there was no plan or preparation to mitigate the situation. Consequently, many towns and coastal cities were adversely affected with floods rendering over 150,000 Nigerians homeless and properties worth hundreds of millions of Naira lost;

Concerned that the responses to the previous drought in the country were slow and largely late due to lack of timely preparations, planning and intervention, because of lack of early warning;

Worried that previous droughts of 1972-74, 1984/85 and 1994 disrupted the food supply chain, caused shortages of food, escalated the prices of food stuff, loss of livestock due to shortage of water and pasture, increased conflict over scarce natural resources, exacerbated environmental and biodiversity devastation, accentuated poverty, forced human and animal migration and destroyed human livelihoods;

Accordingly resolves to:

- i. *Urge* the Federal Ministry of Agriculture and Water Resources to take urgent and prompt steps to plan necessary cause of action to mitigate the potential effects of food shortages and concomitant high prices;
- ii. *Urge* the Governments of the affected states to synergize with the Federal Government to ameliorate the potential impacts of the phenomenon;
- iii. *Direct* the relevant committees of the Senate to meet with NEMA to assess the agency's of preparedness to deal with the situation; and
- iv. *Urge* the Federal Government to produce a **National Drought Policy** based on preparedness (incorporating planning, implementation of plans and proactive mitigation measures, environmental considerations and public education) so as to reduce the need of Emergency Relief.

The Senate,

Notes that there were various armed groups in the Niger Delta since the year 2000, i.e, about 9 years now.

Further notes that Government at various times tried to disarm the said armed groups by armed confrontation to no avail.

Mindful of the fact that the Niger Delta is the economic life-wire of Nigeria.

Cognizance of the fact that the Niger Delta is the hub of economic activities of many nations including the advanced countries, that the crises in the Niger Delta affects not only Nigeria but is global.

Observes that the neglect or apathy of human and infrastructural development of the Niger Delta is not a misdeed of President Umaru Musa Ya'adua but various governments of the past 49 years.

Aware that the success of the Federal Government laudable 7-point Agenda depends on peace and security in the Niger Delta.

Conscious of the fact that armed confrontation has never solved crises, even at the international level.

Acknowledges that it takes a man of peace to create amity between groups, communities or Nations.

Accedes that President Umaru Musa Ya'Adua is a man of peace.

Agrees that President Umaru Musa Ya'Adua has successfully completed the first phase of the peace process in the Niger Delta.

Accordingly resolves to:

Urge the Federal Government to consciously and passionately complete the next level of the peace process in the Niger Delta.

Send a letter of congratulation to President Umaru Musa Ya'Adua for a feat that qualifies him for a Nobel Prize for Peace.

The Senate,

Notes that the Tiga and Challawa Gorge Dams were constructed in the upper catchments of the Hadejia River in 1976 and 1992 respectively by the Federal Government of Nigeria;

Also notes that Tiga and Challawa Gorge Dams were constructed to primarily stored water for the Kano River Irrigation Project (KRIP) Scheme

Irrigation Project (HVIP) in upstream part of Hadejia River;

Further Notes that the Hadejia River is a major tributary of Yobe River, System and eventually into Lake Chad;

Concerned that as a result of the constructions of the Dams, the Hadejia River channel is now blocked, and this greatly altered the rivers naturally flow pattern. Consequently, the expected contributions of the Hadejia River in to the Yobe River IS Since lost;

Worried that the distortion in the river system and inefficient operations of the two Dams have exacerbated desertification in the affected States; with about 250, per cent of lands Jigawa, Yobe and Borno State decertified, loss of about 250, 000 km2 of fertile and viable agricultural land due to Typha grass invasion; increase in dangerous floods, with loss of 225 lives in August 2001, and displacement of hundreds of thousands of people in the basin; loss of productivity fishing grounds, whittling down the contribution of the religion to National Inland Water Fish Catch of over 7% to insignificant 0. 6%, since 2003; destroyed erstwhile vibrant human livelihoods and escalated insecurity; and heightened poverty by about 1000% as reported by Joint Wetland Livelihoods (JWL), making the religion the poorest in Nigeria for over decade, as declared by the United Nations Development Programme (UNDP).

Accordingly resolves to:

- i *Urge* the Executive arm of the Federal Government to implement the operation of the reservoirs of the two dams efficiently as determined by the "OPTIMIZATION MODEL" developed by the Federal Ministry of Agriculture and Water Resources;
- ii *Urges* the Executive arm of the Federal Government to embark on "RIVER TRAINING" works through the Federal Ministry of Agriculture and water Resources, with a view to securing the original channel of the Hadejia River to enable normal flow of water to the downstream areas in Jigawa, Yobe and Borno States; and
- iii *Urges* the National Assembly to appropriate the necessary funds in the 2010Annual Appropriation to enable the Federal Ministry of Agriculture and Water Resources undertake the initial Feasibility Studies and Engineering Designs of the project.

The Senate

Notes that the Punch Newspaper of 24th August, 2009 on page 9 carried a publication captioned “**52 NIGERIANS ON DEATH ROW, 3132 IN PRISONS BOARD**”;

Notes also that the Nation Newspaper on Sunday, 20th September, 2009 on page 13 carried a publication captioned “dying to live” and another article on page 47 captioned “**NIGERIANS FINGERED IN COCAINE AND HEROINE TRADE**”;

Notes further that the Punch Newspaper of Tuesday, 22nd September, 2009 published a story captioned “**723 Nigerians in Chinese prison - (Permanent Secretary, Ministry of Foreign Affairs)**” and that numerous other publications in our print media almost on a weekly basis;

Observes that these publications chronicled gory tales of illegal Nigerian emigrants that were thrown overboard into the Red Sea, boat mishaps in Libya that involved Nigerians that tried to cross to Europe from Libya, judicial and extra-judicial executions of Nigerians in some countries and also the deportation of Nigerians using inhuman methods;

Worried that until now there are no known official positions on this growing national malady;

Observes also that this development is aggravated by some Nigerians who travel to foreign countries in search of the proverbial Golden Fleece without sufficient information of immigration Laws and regimes applicable in the countries of their destination;

Concerned that this trend is on the increase and has negative impact on the image of Nigeria;

Accordingly resolves to:

- (i) *Urge* the Federal Government to ensure the effective surveillance of the Nigerian borders especially those areas that serve as emigration route;
 - (ii) *Urge* the Federal Government to take urgent steps to ensure the revitalization of the ailing industries and the organized private sector in order to generate employment and stem the emigration of millions of qualified unemployed Nigerians.
 - (iii) *Urge* the Federal Government to commence diplomatic efforts to intervene in the plight of Nigerians in the countries concerned;
 - (iv) *Urge* the Federal Government to direct the Ministry of Foreign affairs and other relevant agencies to urgently mount enlightenment programmes to educate Nigerians and travelers in particular on the immigration laws, cultural and religious sensitivities peculiar to these countries;
 - (v) *Invite* the Minister of Foreign Affairs and Comptroller General of Immigration Services to brief the Senate on this growing national problem.
