The Senate,

Notes that, one of the fundamental objectives and directive principles of state policy as enshrined in Section 14 (3) and (4) of the 1999 Constitution is that, the composition of governments and their agencies at both Federal and State levels, shall reflect the Federal Character of Nigeria, in order to promote national unity;

Notes that, the afore-mentioned provisions were enshrined in the constitution to ensure that there is no predominance of persons from a few states or from a few ethnic or religious groups in the government or in any of its agencies and to promote a sense of belonging and loyalty among all the peoples of Nigeria;

Notes that, towards the realization of the afore-mentioned objectives, the Federal Character Commission was established, under the Third Schedule to the 1999 Constitution, to give effect to Section 14 (3) and (4) of the constitution and work out an equitable formula for the distribution of all cadres of posts in the public service of the federation and of the states, and in the armed forces and other security agencies;

Observes that, many federal agencies and parastatals do not comply with the principle of federal character in the composition of their staff and in the recruitment of new ones;

Observes that, many state governments do not observe the principle of Federal Character in the composition of government and recruitment of staff into government establishments, agencies and parastatals;

Observes that, the Senate Committee on Federal Character and Inter-Governmental Affairs has received petitions against many federal agencies and many state governments on the failure of the affected agencies, states and their governors, to observe the principle of Federal Character in the composition of their workforce and in making appointments into political and public offices in their states;

Observes that the underlisted Federal Agencies and parastatals have continually violated the principle of Federal Character in the composition of their staff and in the recruitment of new ones. They include:

1. Nigerian Communications Commission (NCC)
2. Nigerian Liquefied Natural Gas Ltd (NLNG)
3. Petroleum Technology Development Fund (PTDF)
4. Department of Petroleum Resources (DPR)
5. Central Bank of Nigeria (CBN)
6. Nigerian Army
7. Nigerian Intelligence Agency (NIA)
8. State Security Services (SSS)
9. Federal Ministry of Internal Affairs
10. National Salaries, Incomes and Wages Commission
11. Federal Medical Centre, Gussau.
12. Federal Medical Centre, Birnin-Kebbi.
13. Federal Medical Centre, Ebute-Metta.

Observes that, the continuous neglect of the principle of federal character in the composition and recruitment of staff into government agencies and parastatals at various levels of government is inimical to the unity and corporate existence of the country;

Convinced that, the implementation of the principle of Federal Character at all levels of government in Nigeria is fundamental to the corporate survival of Nigeria as a nation, being a veritable tool for national integration;

Convinced that, the strict implementation of the principle of Federal Character in government establishments would ensure social justice, fairness and equity and engender peace and harmony among different nationalities existing in the country and the various ethnic, religious and sectional groups existing in each state of the federation;

Further convinced that, it is highly necessary for a public hearing to be conducted by the Senate, to investigate the genuineness of the complaints received so far on the non-implementation of the principle of Federal Character in the country and the impediments confronting the Federal Character Commission in the implementation of the principle and recommend ways of halting or minimizing the violation of the principle;

Accordingly resolves to:

- i. **Mandate** the Senate Committee on Federal Character and Inter-Governmental Affairs to conduct a public hearing on the complaints received on the non-implementation of the principle of Federal Character at all levels of government in Nigeria, the success so far recorded and the impediments confronting the Federal Character Commission in the enforcement and implementation of the principle and make recommendations on how to stop or minimize the violation of the principle in government establishments at all levels in Nigeria;
- ii. **Direct** the Senate Committee on Federal Character and Inter-Governmental Affairs to submit its report to the Senate after concluding the said public hearing.
