Hon. Chinyere Igwe:

The House:

Notes that a Nation's airports, particularly, its International Airports, vulnerably expose her on a daily basis, to the outside world as people from all over the world travel in and out of her borders;

Further notes that given the unique position of airports as a nation's windows to the outside world, security concern should be that of Government, judging by the lesson in our contemporary world, where external aggression has been successfully launched against some nations through their airports;

Worried that the planned leasing of four International Airports in the country, namely: the Muritala Mohammed Airport, Lagos, Nnamdi Azikiwe International Airport, Abuja, Mallam Aminu Kano International Airport, Kano, the Port Harcourt International Airport, sadly, reflects government **little** appreciation for security consciousness in our International Airports;

Anxious that in the event of the said four International Airports being leased to foreigners, the nation stands to loose control and initiative over security matters in the said Airports as they relate to our Sovereignty and National interest;

Determined to ensure that the internal security of the nation is not compromised by the pursuit of government policy of privatization and commercialization of public enterprises in Nigeria;

Resolves to:

- (i) Call on the government to suspend the planned leasing of the said International Airports;
- (ii) Summon the Minister of Transportation (Aviation) to furnish the House with detailed technical information on the security network in the said Airports as well as their financial standing and other relevant matters to enable the House determine the desirability or otherwise of the proposed leasing.
