The House:

Notes that food is a fundamental and basic human need;

Concerned about the continuous rise in the price of food generally (e.g Rice, flour, sugar, **Millet, corn** sorghum etc) sometimes up to 100%;

Worried that the food scarcity and related increase in prices is not only restricted to Nigeria but in other developing countries;

Observe the recent food riots and social unrest in developing countries like, Zimbabwe, Indonesia, Egypt, Ethiopia, Burkina Faso, Madagascar, the Philippines, Republic of Niger were triggered by hunger and frustration of the citizenry's inability to afford the prices of staple food items.

Resolves to:

- (0) Urge the Federal Government to submit a Supplementary Appropriation **Bill** for the purchase of more food to support the strategic food reserve of the country;
- (it) Further urge the Federal Government through its relevant agencies to grant agricultural subsidies to farmers in order to encourage the production of more food;
- (Hi) Direct the Nigeria Customs Service to waive import duties on basic/essential food items;
- (iv) Urge relevant government agencies to encourage the importation of basic/essential food items.

 Hon. E. Y. Orker-Jev:

The House:

Notes that the imminent explosion of Lake Nyos portends disastrous consequences for Nigeria, especially the States of Benue, Taraba, Cross River, Nassarawa and Kogi;

Further notes the palpable apprehension of citizens especially those residing directly in the adjacent villages and plain of the lake;

Worried by Experts' reports that the explosion, if it occurs, would be as devastating as the Asian Tsunami, destroying human lives, properties, farm lands, animals, air and water pollution and general environmental degradation;

Further worried that the Resolution (11/2005) passed by the 4th Republic 2nd National Assembly, second session (*vide* Votes No. 73) has not been given effect to;

Mindful that the preventive measures proposed by both national and international agencies appear to be the proper and only remedy;

Disturbed that from Experts' reports, Nigeria does not possess the capacity to manage a disaster of such magnitude if allowed to occur;

Acknowledges that the disaster is preventable hence the need to do so is urgent.

Resolves to:

- (i) mandate the Joint Committee on Water Resources, Environment and Emergency and Disaster Preparedness to visit the area as a way of ascertaining the scope and imminence of the explosion of the lake and report to the House within 2 weeks;
- (ii) urge the President, Federal Republic of Nigeria to use his good offices to facilitate the expeditious implementation of the remedial measures as proposed in the reports of the experts including the resettlement programme and construction of the Mambilla Dam;
- {iii} further mandate the House Committee on Legislative Compliance to monitor the implementation of these measures.
