The House:

Notes that Nigerdock Nigeria Plc was established by the Federal Government as a foremost indigenous Ship repair and servicing company;

Further notes that owing to this policy, Nigerdock Plc has since been privatized by the Bureau of Public Enterprises in an exercise that is being speculated to have left more questions to be answered and clarified,

Worried that Nigerdock was privatized in circumstances that was seen to lack transparency and therefore fell short of due process;

The House:

Notes that Illushi Community in Esan South East Local Government of Edo State is a coastal town that situates along the bank of the River Niger;

Further notes the ravaging erosion that the River Niger has unleashed on the terrain threatening to wipe out the entire Illushi Community;

Further informed that ten years ago, coastal erosion from River Niger started to threaten the Illushi Community and its environs;

Disturbed that this year alone, over 80 residential houses, the Esan South East Local Government Council Maternity Home, various churches and mosques buildings in the Community have been swept away by the coastal erosion from the River Niger;

Worried that the Irrua/Illushi Road, the only Federal Highway leading into the Community and the old Illushi/Ega/Oria Road are completely cut-off in parts and washed away while farmlands, crops and fish ponds belonging to members of the Community have not been spared by the devastating coastal erosion;

Further worried that Illushi Main Market which is patronized by people from neighbouring states and a hub-nub around which the socio-economic life of the Community revolves is under serious siege by the ravaging erosion;

Regrets the starvation and untold hardship that this menace has caused the people of Illushi Community and its environs;

Resolves to:

- (i) Urge the Federal Government through the Ministry of Environment and Housing to intervene by dredging the Coastal Area of the River Niger at Illushi, Esan South East Local Government Area;

- (ii) Further urge the National Emergency Management Agency (NEMA) to supply relief materials to the affected victims.
