Notes that shelter is one of the basic and fundamental necessities of life;

Disturbed that many Nigerians are without decent residential accommodation and therefore faced with the risk of exposure to various climatic factors: rains, wind, cold, etc.;

Aware that the housing policies of successive administrations have not adequately addressed accommodation problems in the country;

Worried that lack of accommodation does not provide the right environment necessary for human development (including children upbringing);

Further disturbed that the prices and rental values for any decent residential accommodation across the length and breadth of the Federal Republic of Nigeria are well beyond the financial capacity of majority of Nigerians;

Resolves to:

- (i) Mandate the Committee on Housing and Habitat to review all existing housing policies with a view to evolving a Legislative frame work for a comprehensive and integrated Housing Policy;
- (ii) Urge the President of the Federal Republic of Nigeria to direct the Ministry of Environment and Housing to embark on massive construction of housing estates across the Country, which will be private sector driven, and for the benefit of low income earners.

Notes the effort of the Securities and Exchange Commission (SEC) towards the recapitalization of stockbroking firms in the Nigerian Capital Market.

Further notes the minimum capital requirement of N1 Billion as the amount set for each stock-broking firm by the regulatory agencies towards achieving the consolidation of these firms;

Aware of the widespread outcry and criticism by most of the stockbroking firms against the N1 Billion minimum capital as been too high, outrageous and unrealistic;

Regrets the imminent dangers of a possible takeover of the Nigerian Capital Market by the Mega banks and wiping off of the dividing line between the money market and the capital market since these banks have already diversified into Capital Market operations through their subsidiary companies;

Resolves to:

Urge the Federal Government and other relevant Agencies, to put on hold indefinitely any programme and exercise aimed at recapitalization of stockbroking firms.
