The House:

Notes the importance of fishing as a means of gainful employment and source of revenue;

Worried about the increasing incidence of hijacking of coastal vessels engaged in fishing operations in the coastal regions of Lagos, Delta, Rivers, Ondo and Bayelsa States;

Aware of the recent complaint and public outcry for help by the Nigerian Trawler Owners Association (NITOA) in combating the growing menace of sea piracy in Nigerian coastal waters;

Disturbed that if this menace is not checked, cost of insurance cover for ship movement into Nigeria would increase and have negative effects on various sectors of the economy;

Concerned that the fate of 8 Captains and 96 crew members of fishing vessels who were recently abducted to unknown location by these pirates from their vessels in Sambrayo in Bayelsa State is unknown;

Further worried about the apparent inability of our Security Agencies to effectively combat this growing trend in the Nigerian coastal waters;

Further concerned that this unchallenged and growing trend of coastal piracy may be directly linked to the growing cases of theft of Nigeria crude oil estimated at about 500,000 barrels per day;

Resolves to:

- (i) Condemn the apparent lack of will by the Security Agencies to seriously combat sea piracy in Nigerian coastal waters especially the inability to move swiftly to save the lives of the hapless Captain and their vessels, resulting in brazen acts of kidnapping, torture, murder, rape and robbery by pirates;
- (ii) Set up an *Ad-hoc* Committee to investigate the inability of the Security Agencies to protect our maritime assets and to ascertain the adequacy of measures used in protecting our waters and the level of preparedness to fight coastal crime and make appropriate recommendations to the House within 60 legislative days.

BILL
