Hon. Abubakar Bagdudo:

The House:

Notes, the responsibility of the Federal Government in harnessing the Nation's resources (both human and natural) in order to promote National Prosperity, an efficient, dynamic and self-reliant economy;

Appreciates the current Reforms Programme to boost the standard of living of the people through massive Agricultural development and supports;

Aware that Section (a), (a) - (g) of the Research Institute (Establishment, etc.) Order 1975 encourages Agricultural Development in different ecological zones;

Recognizes that Horticulture is a very critical sub-sector to consider in realizing the set objectives of the reforms Programme and requires the enhancement of farmers' knowledge and skills in the Production, Processing, Storage, Utilization and Marketing of Tropical Fruits and Vegetables;

Further notes that 75% of the people of Kebbi State are farmers having the resources and willing manpower to contribute to the development of Horticulture in Nigeria;
