The House:		

Notes that in the year 2007 NigComSaM was launched into Orbit at the cost of about N48 million;

Concerned that barely after 18 months, the Satellite built to last for at least 15 years had to be shut down due to technical problems;

Aware that there are over 936 operating satellites in space without significant problems;

Worried that the management of NigComSat-1 are hiding information on the true position of the satellite;

Appreciates the importance of the satellite to the country's technological development;

Resolves to:

Mandate the Joint Committee on Communications and Science and Technology to conduct full scale investigation into the NigComSat-1 project and report to the House in two months.

The House:		

Notes the appointment of the Governor of the Central Bank of Nigeria, Professor Chukwuma Soludo as one of the Ten-member-world-class economists and financial experts to reform the faltering world economy;

Aware that the appointment was made by the United Nations as an immediate rescue response to halt the financial melt-down that has lately gripped the world financial system;

Appreciates the appointment as a recognition of the competence of Professor Soludo and an acknowledgment that Nigeria has a large pool of capable world-class professionals/technocrats;

Takes cognizance of the window of challenges the recognition would open up for other Nigerian professionals by the international community in the fullness of time;

Resolves to:

- (i) Congratulate Professor Soludo and President Umaru Musa Yar'Adua for the honour the appointment by the United Nations of the Central Bank Governor has brought to the country;
- (ii) Urge Professor Soludo to deploy his skills and professional depth, in unison with other appointees by the United Nations, to find workable and enduring solutions to the challenges of the current world financial crisis;

Nigeria's Central Bank to serve on the Committee to reform the International Monetary Fund and the World Bank.
