The House:

Notes that the Nigerian Communication Commission (NCC) is responsible for the licensing and regulation of all telecommunication service providers in Nigeria;

Aware that this Commission has not been able to execute the mandate of regulating, supervising and enforcing the Act establishing it;

Disturbed that the Nigerian Communication Commission is seen not only to be ineffective in carrying out its mandate but also protecting the telecommunication service providers to the detriment of the Nigerian public;

Concerned that there are other special services that the consumers ought to have been enjoying from the service providers but are not provided;

Worried that the poor services presently being provided to Nigerians by the service providers could be attributed to lack of adequate supervision by the regulatory agency;

Resolves to:

Mandate the House Committee on Communications to conduct a Public Hearing on the operations of the service providers in Nigeria in relation to the Nigerian Communication Commission Act and make recommendations to the House within three (3) weeks.
