Ad-Hoc Committee on the Review of the Recommendations in the Report of the Committee on Power: Motion made and Question proposed; "That this House do consider the Report of the *Ad-Hoc* Committee on the Review of the Recommendations in the Report of the Committee on Power and approved the Recommendations therein" (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Question that the House do resolve into the Committee of Whole to consider the Report, put and agreed to.

(HOUSE IN COMMITTEE)

(*Mr Deputy Speaker in the Chair*)

MAIN REPORT

Recommendation (1):

That there is absolute necessity for a clear endorsement from the Ministry of Energy (Power) to complete the transition of corporate governance of the Niger Delta Power Holding Company (NDPHC). This would require far-reaching structural and administration changes as envisaged by the Electric Power Sector Reform Act (EPSRA), 2005. The net effect should be to give the Niger Delta Power Holding Company (NDPHC) management full authority to restructure the composition and structure of the National Integrated Power Projects (NIPP) Technical Committee (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (2):

That the Government has a duty to lay a firm foundation for the electricity sector by completing ongoing projects. At that stage, the government can confidently begin to think of privatizing those assets (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (3):

That the Power Holding Company of Nigeria (PHCN) should be wound up expeditiously in compliance with the Electric Power Sector Reform Act (EPSRA), 2005 and the reform process strengthened (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (4):

That the London Office of Power Holding Company of Nigeria (PHCN) should be scrapped if the reasons for which it was established are no longer relevant. On the other hand, if it is still required to play its primary role of advising Power Holding Company of Nigeria (PHCN) and the Ministry of Energy (Power) on status of companies that procure equipment or have anything to do with the power sector in Nigeria, then the Office should be strengthened. The Ministry and Power Holding Company of Nigeria (PHCN) should be directed to make good use of the services of the London Office (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (5):

That a comprehensive technical, financial and legal audit of National Integrated Power Projects (NIPP) (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (6):

That Formulation of an effective business model for Niger Delta Power Holding Company (NDPHC) (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (7):

That Design operating, concession and privatization framework for the generation, gas pipeline, and transmission and distribution assets that assure that they will be operated using best international practices and optimal private sector participation (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (8):

That since any attempt to resurrect National Electrical Power Authority (NEPA) or Power Holding Company of Nigeria (PHCN) by administrative process without the authorization of the National Assembly would be a patent illegality, the Electric Power Sector Reform Act (EPSRA), 2005 should be implemented to the letter (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (9):

That alternatively, an amendment to the Act should be proposed to accommodate any new envisaged modified legal framework for the realization of the agreed policy and institutional structure to be employed in achieving the objective stated in the first question above (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (10):

That the Committee recommends speedy completion of ongoing projects in order to stabilize the sector before liberalization in the form of cost reflective tariff implementation regime. Funding must be done in accordance with existing laws and not in flagrant disregard of the statutory and constitutional provisions as was done hitherto (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (11):

That the Federal Government should make direct allocations to these Companies with a view to strengthening their operational capacity. Some of the engineers heading some of these companies have demonstrated capacity for innovation and the Committee recommends that they should be encouraged to improve indigenous skills, but this should never be done in a manner that compromises standards or encourages mediocrity or incompetence in any form. The Committee is encouraged in this direction because it found that the cost at which the Gencos and Disco carry out projects have been significantly lower and they have proved to be more reliable than contractors in jobs within their capacity to execute (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (12):

That all failed National Integrated Power Projects (NIPP) Distribution and related contracts recommended to be cancelled in Part 8 below should be transferred to the Distribution Companies to execute under a strengthened management structure (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (13):

That regular or monthly Stakeholders Briefing by the MD/CEO of Niger Delta Power Holding Company (NDPHC) as the forum to brief all stakeholders on the progress of the National Integrated Power Projects (NIPP). All policy matters related to the Niger Delta Power Holding Company (NDPHC) and National Integrated Power Projects (NIPP) will be determined at a two weekly Executive Committee meeting of the management of Niger Delta Power Holding Company (NDPHC) chaired by the MD/CEO but the management may invite any other person as circumstances require (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (14):

That publication on the Internet of a regularly updated listing of generation, trading, transmission and distribution license applications, a current list of licensees, and a current capacity database of the electricity supply system. This On-Line Information Bank would facilitate the development of a wholesale and bilateral market (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (15):

That it does not show effective policy co-ordination for a country that is in a hurry to generate more electric power using gas, to leave its gas production and supply entirely at the whims of caprices of blind market forces. The Committee recommends co-ordination and integration of the basic needs of the power sector with other policy directions of the government (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (16):**Funding framework:**

That the Committee recommends the completion of ongoing National Integrated Power Projects (NIPP) projects through:

- (a) Direct government spending through legitimate channels to complete ongoing National Integrated Power Projects (NIPP) projects;
- (b) Create improved environment for Public Private Partnerships (PPPs) and IPPs through unfettered implementation of the Electric Power Sector Reform Act (EPSRA), 2005 (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (17):**The Niger Delta Question:**

That massive infrastructural and other transformational interventions that are timely, visible and sustainable (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (18):**Government-community relations:**

That the rights of communities to compensation for use and permanent loss of their lands is an issue that must be realistically addressed by the Government. Leaving the communities at the mercy of shylock contractors or kleptocratic Power Holding Company of Nigeria (PHCN) officials has proved to be disruptive of the implementation of power projects (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (19):**Gas Development and Gas delivery:**

That provision of gas for domestic use must take precedence over exports. It is penny wise pound foolish to sell gas to enable other countries develop their infrastructure while basic infrastructure and industrialization in the gas exporting country remains in the doldrums because of lack of electric power (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (20):**Power Holding Company of Nigeria (PHCN) Successor Companies:**

That it is absolutely necessary to put in place effective corporate governance structures for all 18 Power Holding Company of Nigeria (PHCN) successor companies. The operational framework of the Power Holding Company of Nigeria (PHCN) successor companies must be put in place. The management of each of the successor companies is expected to operate as an independent commercial entity under the supervision of its Board of Directors as specified in its articles of incorporation and the Companies and Allied Matters Act (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (21):**Other Federal Government power projects:**

That Policy should encourage movement from small-scale self-generation which is usually inefficient and environmentally hostile to larger-scale multi-user mini-grid distribution, based on a variety of more efficient technologies. Private generation and distribution projects where there is currently no electricity infrastructure should be immediately licensed without restriction. It must however be ensured that licensed operators work within the framework of the Electric Power Sector Reform Act (EPSRA) 2005 (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (22):**Procurement of metres:**

That all existing metering contracts be terminated forthwith That metering be immediately opened to the private sector in order to encourage a more efficient and competitive market in this aspect of the electricity industry as envisaged by the Electric Power Sector Reform Act (EPSRA) 2005, subject to standards and controls by the Nigerian Electricity Regulatory Commission (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (23):**Manufacture of Metres, Transformer Components and Switchgears in Nigeria:**

That in the medium and longer term, Government needs to explore avenues to encourage local manufacture of component parts frequently used in the electricity industry (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (24):**Consumer protection:**

That Distribution Companies employ a more businesslike approach to the industry, development of improved corporate image, more efficient service and eventual profitability and sustainability of the industry. The role of the Nigerian Electricity Regulatory Commission (NERC) in this regard should be strengthened (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (25):**Pension Matters:**

That the Ministry of Energy (Power) will work with the Bureau of Public Enterprises(BPE) and major banks and licensed pension fund administrators (PFAs) to verify, negotiate, restructure and fund all pension liabilities and outstanding and foreseen severance benefits. Union endorsement of the restructuring plan will be obtained to ensure its full implementation (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (26):**Reportage on Projects:**

That list of Federal Government funded projects should be forward to all the 36 States and the FCT Administration for the Government of each State to identify the projects they awarded and executed and those that have been awarded by the Federal Government but taken over by them. This would assist in substantiating the actual total cost spent on rural electrification projects by the Federal Government. At the same time, it would enable the Government to ascertain the projects that have been abandoned or completed and the next line of action to take on the uncompleted ones and the defaulting contractors (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (27):**Inter-governmental relations:**

That the relationship of the Federal and State Governments should reflect the letter and spirit of true federalism whereby the Federal and State Governments derive their powers from the Nigerian Constitution. No level of government should treat the other with levity (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (28):**Deductions from Lagos State Government Account:**

That the Committee is of the view that power generated by AES/ENRON is enjoyed by the country as a whole and the Federal Government should pay for it. That the Federal Government stop further deductions from the Account of Lagos State. Furthermore, in the spirit of fairness, the Federal Government should enter into negotiation with the Lagos State Government with a view to refunding the amount already deducted from the Lagos State Government Account (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (29):**Government Agencies:**

That the Power Sector requires aggressive prosecution of government plans in the sector based on well-informed advice, not pliant acceptance of ill-advice from the same men who messed up the system in the first place (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (30):

That the current Minister of State for Energy (Power), Hajia Mrs Fatima Balaraba Ibrahim be redeployed to a Ministry where she could be better fitted (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (31):

That the office responsible for the transition of the power sector be strengthened (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (32):

That Alhaji Maigida Shuaibu Maigida, Co-coordinator, Power Holding Company of Nigeria (PHCN) Liaison Unit, Abuja be mandated to oversee the transitional arrangement from the present predominantly government funded outfit to a significantly private-sector driven power sector (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (33):

That the Honourable Attorney-General and Minister of Justice should be advised to make good efforts to ensure that all agreements prepared on behalf of the Federal Government by Power Holding Company of Nigeria (PHCN) and Niger Delta Power Holding Company (NDPHC), and indeed, all Ministries, Departments and Agencies (MDAs) should be cleared by his Office before they are signed, if that is not already the practice (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (34):

That the Central Bank of Nigeria up to the time of this Report ignored the request of the Committee to know how much was outstanding in commercial banks and the interest accruing thereto in respect of Letters of Credit financed from the Excess Crude Account. The Governor of the Central Bank, Professor Chukwuma Soludo must take responsibility for failure to respond to the request of the Committee in this regard (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (35):

That Nigerian Electricity Regulatory Commission(NERC) should be strengthened and enabled to exercise all its powers and functions under the Electric Power Sector Reform Act (EPSRA), 2005 as the driver and enabler of the electric power sector in the country (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (36):

That the Electricity Commission of Nigeria (ECN) should be adequately enabled to carry out this vital function (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (37):

That Engr J. O. Ogbonna, Acting CEO, Egbin Power Station, Lagos should be given an opportunity for service at higher levels to enable him make his contribution to solve power generation problem in Nigeria (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (38):

That Engr. Okoli be redeployed immediately to bring in a more experienced officer to address the technical and human problems of Kainji Power Station (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (39):

That the Chief Executive Officer (CEO) in charge of Oyo Distribution Company should be redeployed

Recommendation (40):

That the Committee recommends strengthening the financial ability of the Chief Executive Officers (CEOs) to perform at the various zones Companies, Projects and Individual Actors (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (41):

That the Committee recommends intensive and extensive purge at all levels of the Power Holding Company of Nigeria (PHCN) and associated agencies. Corrupt staff must not be allowed to infest and poison the emergent platform for implementation of the power sector reforms (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (42):

That the Economic and Financial Crimes Commission (EFCC) be invited to investigate the following issues, among others, which came to light during the periodic checks of the Auditor-General of the Federation and to which the National Electrical Power Authority (NEPA)/ Power Holding Company of Nigeria (PHCN) failed to provide answers.

- Setting aside of Due Process in payment to contractors. Payments for contract were signed by Honourable Minister and another official.
- Lack of in-house checks/processes;
- Spending part of internally generated fund amounting to N786m without due process;
- Failure of National Electrical Power Authority (NEPA)/ Power Holding Company of Nigeria (PHCN) to release documents of compensation N9.6bn to land owners for checks in spite of repeated requests;
- Lack of in house requests;
- Documents in respect of purchase of vehicles;
- Failure to make available road survey contracts for checks;
- Irregular transfers of money, i.e., those not backed up by documentation;
- Loans totalling about N6.68bn (1996) out of which N543m was withheld by parent Ministry and National Electrical Power Authority (NEPA) was paying interest at annual interest of N81m on the loan and in 1999;
- Releases from Accountant-General's Office to Power Holding Company of Nigeria (PHCN) showed a difference suggesting that there were sums withheld by the Ministry;
- Some mobilisations were paid in excess of government guidelines;
- The sum of ₦15bn disappeared from Power Holding Company of Nigeria (PHCN) account and came back after about two months about which the Auditor-General sent a report to Power Holding Company of Nigeria (PHCN) but they failed to respond (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (43):

That In view of the apparent unwillingness of the Central Bank of Nigeria (CBN) to co-operate with the Committee in this matter or provide the Committee with a proper account of withdrawals from the Excess Crude Account, the balance on the account, where the moneys in respect of unutilised Letters of Credit are kept and interest that have accrued thereto, we recommend that the Economic and Financial Crimes Commission (EFCC) be invited to investigate the Office of the Accountant General of the Federation and the Central Bank of Nigeria in respect of the above issues relating to Letters of Credit opened (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (44):

That the following contracts, among others, are recommended for review, investigation and further action for reasons of non-completion long after contract date of completion in spite of having been paid, non-performance, lack of execution capacity, demonstrated incompetence or abandonment of contract:

<i>S/No.</i>	<i>Project</i>	<i>Contractor</i>

13.	Onitsha 330/132/33kV S/S	Siemens (<i>Hon. Aminu Tambuwal</i>).

Question put and agreed to.

Recommendation (46):

That the Committee identified the brains behind Waiver of Due Process on National Integrated Power Projects (NIPP) disbursements. The justification at that time was to "fast-track" completion of the projects. But rather than fast-track or facilitate completion of the projects as envisaged, Waiver of Due Process became the major plank that facilitated payments to contractors and consultants that have failed to perform, at the expense of the nation and the power industry. They are:

- Chief Olusegun Obasanjo, former President and Commander-in-Chief;
- Senator Liyel Imoke, former Minister of Power and Steel and;
- Alhaji Abdulhamid Ahmed, former Minister of State (Energy).

That these officers need to be thoroughly investigated by appropriate agencies for economic sabotage to the country (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (47):

That the following Contracting and consulting companies recommended for investigation by the appropriate agencies:

AD-HOC COMMITTEE REPORT

Recommendation (i):

Given that Nigeria's power demand in the short, medium and long term is enormous and under the ongoing programme only 10,000MW is projected to be attained by 2010, it is recommended that the government should declare the proposed State of Emergency in the Power Sector immediately and undertake the execution of annual minimum generation and transmission capacity that will attain the Vision 20-2020 goal through joint ventures and direct private sector participation. In this regard, it is recommended that the House of Representatives should timeously support all well meaning initiatives in that regard (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (ii):

Considering the magnitude of funding requirement, which cannot be solely borne by government, the *Ad-hoc* Committee recommends that the model used in the telecommunications sector of the Nigerian economy that has brought about massive private sector investments, efficiency, availability and affordability to the sector be introduced into the Power Sector of the economy. In this regard, the tariff structure in the Power Sector should be substantially deregulated and competition introduced under the guidance of a robust, fair, competent and independent regulatory body. (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (iii):

In the transition period before a fully regulated regime, the Regulatory authorities in the Power Sector should avail themselves of the powers under the ESPR Act of 2005 to ensure open access to available transmission and distribution lines and substations at fair, transparent and regulated prices (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (iv):

During the transition period, a flexible licensing regime is hereby recommended to be introduced wherein commercial entities and willing consumer groups should be encouraged to enter into power purchase agreements with Generation and Distribution Companies in which case appropriate tariffs could be introduced which will help in releasing more power into the National Grid (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (v):

That the ongoing prospective transmission operators proposing to install fresh 132KV or 33KV transmission infrastructure to overcome identified gaps in existing transmission infrastructure in order to support prospective generation projects and consumer clusters, should be licensed in accordance with the existing laws (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (vi):

That henceforth Letters of Credit (LC) for power projects should be for a minimum period of 2 years. This is to assure manufacturers of equipment of our commitment to the execution of those projects. The danger of short tenured Letters of Credit (LCs) is that one could lose one's place on the queue during the interregnum of expiry and renewal of the Letters of Credit given the fact that manufacturing of power equipment are over-subscribed (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (vii):

That the Federal Government should as a matter of urgency, diversify our sources of energy to encompass coal, solar, wind, and nuclear energy (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (viii):

That the modernization of power plants should be carried out and regular training and retraining of personnel undertaken (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (ix):

Having identified policy inconsistencies in the power sector as a major contributor to the country's inability to meet its energy needs. For instance, the practice of not making provisions for completion of ongoing projects in the annual budgets, the *Ad-hoc* Committee recommends that government should pay greater attention to observance of policy consistency, adequate budgetary provisions and funding (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (x):

That government should fast-track the execution of all transmission and other related projects with a view to closing the loop in the National Grid (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (xi):

That in view of the high capacity contribution that the Mambilla hydro-electric power project will inject into the national grid and the time already lost, the contractors should be urgently mobilized to enable them commence work (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (xii):

The government should timeously pay adequate compensation to land owners to ensure the delivery of unencumbered sites to eliminate the undue delays in project execution (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (xiii):

The government should ensure that in future all conceived projects are properly packaged, participating agency identified and coordination properly networked to avoid difficulties and undue delay in implementation (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (xiv):

That the Revenue Mobilization Allocation and Fiscal Commission is hereby advised to seek out of court settlement especially since legality has returned on the withdrawal of funds from the Federation Account, which is now approved by the various relevant legislative Houses (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (xv):

In view of the fact that funding of the NIPP projects has been resumed and appreciable project execution progress attained as contained in the project status report herewith attached, the relevant House Committee be mandated to step up oversight to ensure the timely completion of the projects (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (xvi):

That the services of the company headed by Engr Chinedu Ibekwe, the Consultant to the House Committee on Power should be terminated forthwith for the embarrassment caused the House by employing the medium of Power Committee report to settle personal scores (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Recommendation (xvii):

That House Committees should at all times exercise due diligence in the procurement of services of Consultants or any employees for that matter to ensure that persons capable of bringing the name of the House into disrepute are excluded. Furthermore committees must realize that in quasi-judicial assignments involving the determination of rights and privileges of persons, due diligence must be employed to adopt a judicial mind knowing not only that justice must be the end but that their decisions may be subject to litigation. In all such instances committees must observe the elementary principles of natural justice (*Hon. Aminu Tambuwal*).

Question put and agreed to.

Amendment Proposed:

Insert a new Recommendation (xviii) as follows:

"The relevant Security Agencies should study the *Ad-hoc* Committee Report and act on any misconduct or impropriety disclosed" (*Hon. Aminu Tambuwal*).

Question that the amendment be made, put and agreed to.
