Notes that the Ahoada-Omoku-Egbema Road, a 15km federal road constructed over three decades ago links the East-West Road to over 80 Communities of Ahoada West and Ogba/Egbema/Ndoni Local Government Areas of Rivers State and several other communities in Imo State;

Also notes that since its construction, the road has boosted economic activities in the communities while also easing the pressure on the East-West Road;

Concerned that the road, which used to be delightful for motorists who ply it has now deteriorated so much that it has become a death-trap and providing a safe haven for kidnapers and other criminals;

15. Urgent Need to Include the Youths of Isoko Ethnic Nationality in the Amnesty Programme
Motion made and Question proposed:

The House:

Notes that the Isoko people are a peace-loving people whose soil produces the highest quantity of onshore crude oil, with oil facilities and a long stretch of pipelines criss-crossing the length and breadth of Isoko land;

Also notes that these many flow stations, oil facilities and long stretch of pipelines have been protected by the youths of Isoko land over the years, thus preventing vandalization of oil pipelines in the area;

Aware that the Federal Government initiated the Amnesty Programme in 2008 when restive youths of agitating oil producing communities involved in vandalization of oil facilities and pipelines across the Niger-Delta region were granted amnesty;

Concerned that the Amnesty Programme as envisaged at inception did not include youths from areas in the Niger-Delta region who were not restive and destructive but peaceful, law abiding and protective of oil pipelines in their area;

Convinced that the non-inclusion of the peaceful, law abiding, non-restive and protective youths of the Isoko Ethnic nationality in the Amnesty Programme was a major error that sent a strong signal and acted as an invitation for the peaceful youths to join their colleagues to carry out vandalisation of oil facilities;

Also aware that Isoko youths were not included in the Amnesty Programme for the simple reason that they are peaceful, law abiding, non-restive, non-destructive but protective;

Resolved to:

Mandate the Committee on Governmental Affairs to liaise with the Presidential Adviser on the Amnesty Programme with a view to including Isoko Youths in the Programme, and report back to the House within four (4) weeks for further legislative action (*Hon. Leo Ogor — Isoko North/Isoko South Federal Constituency*).

16. Call on the Federal Government to Constitute the Administration of Justice Monitoring Committee

Motion made and Question proposed:

The House:

Notes that the Administration of Criminal Justice Act was enacted in 2015, with Section 469 providing for constitution of Administration of Criminal Justice Monitoring Committee;

Aware that Section 470 of the Act, among other things, provides for speedy trial of criminal matters, decongestion of prisons, co-ordination of different organs of criminal administration, analyzing, collating and publishing information regarding the administration of Justice sector throughout the country and keeping the Chief Justice of Nigeria abreast of developments meant to enhance criminal justice delivery in the country;

Concerned that despite the advantages derivable from the constitution of the Administration of Criminal Justice Monitoring Committee enumerated above and enjoined by section 470 of the Act, the Federal Government has failed to constitute the Monitoring Committee;

Worried that the failure to constitute the Monitoring Committee has led to laxity in dispensation of justice, abuse of some provisions of the Act and lack of direction by Judicial officers in dispensing justice;
