The Senate:

Notes with serious concern that the greatest challenge facing Nigeria today is the threat to national unity, as centrifugal forces, calls for self-determination, ethnicity and religious intolerance have enveloped national consciousness;

Notes also that since Independence national integration has been the priority of Government in Nigeria which saw the establishment of the National Youth Service Corps (NYSC), the Unity School System, the Federal Character Principles and many other affirmative policies intended to achieve national integration and peaceful coexistence amongst others;

Observes that various integration policies and programmes in Nigeria have yielded some desired outcomes, but there is more to be done as primordial ethnic sentiments and loyalties are still deep rooted;

Concerned that some citizens rather than working for integration into a cohesive nation with a common sense of national identity and destiny, are preaching and supporting primordial affiliation for identity, loyalty and security;

Concerned also that recently, there have been clamouring for ethnically based and regionally supported threat to one united Nigeria in various parts of the country;

Observed that Nigeria's efforts at achieving national integration and unity have remained largely challenged with entire social matrix characterized by inter-community and intra-community, inter- ethnic and intra-ethnic, inter- religious and intra-religious strife's;

Reiterates that the amalgamation of the Southern and Northern Protectorates in 1914 was not a mistake, but a design by the Almighty God as a nation of brothers and sisters united in common destiny;

Acknowledges that Nigeria as it is currently constituted is the envy of so many nations across the globe;

Commend the spirit of patriotism and nationalism exhibited by Nigerians in support of our journey to nationhood,

Accordingly resolves to:

- i. *Convey* the commitment of the 135 million Nigerians who voted us into office that we live together in unity and harmony as one indivisible, indissoluble sovereign nation under God;
- ii. *Urge* all Nigerians to desist from actions and utterances that are capable of jeopardizing the corporate existence of our dear nation;
- iii. *Urge* Distinguished Senators to intensify their representative role by embarking on sensitization campaign in their various constituencies to highlight the importance of harmonious and peaceful co-existence; and
- iv. *Urge* the Federal Government to direct the Federal Ministry of Information and National Orientation and other relevant Agencies to intensify enlightenment and advocacy of loyalty to the nation.

2. The urgent need to save the 215 Mega Watt (mw) Kaduna Power Plant.

Sponsor: Senator Bassey Albert Akpan (*Akwa Ibom North-East*)

The Senate:

Notes that the protracted power shortages in the northern part of the country has led to the shutdown of the industrial sector in the region;

Also notes that lack of gas pipelines from the southern part to the northern part of the country has hindered power generation by the 215MW Kaduna Power Plant;

Further notes that the Federal government through the Nigerian National Petroleum Corporation (NNPC) is at the verge of awarding the contract for the construction of the 40 X 614KM AJAOKUTA-ABUJA-KADUNA-KANO (AKK) GAS PIPELINE;

Convinced that to get the Kaduna Power Plant working in the next six(6) months, to allow the northern parts of Nigeria enjoy the benefits of the installed 215MW Power plant is to provide an alternative gas supply mode to the Plant;

Further convinced that the use of Gas to power turbines is key all over the world due to its environmental friendliness, cost implication which is in line with the United Nations Charter on Green Energy and Climate Change;

Surprised that the Federal Ministry of Power, Works & Housing appears to have jettison the use of Gas to power the Kaduna Gas Plant and instead opted for the construction of AGO tanks for use of AGO which is 60% higher in cost when compared with Gas;

Further Surprised that in the Federal Tenders Journal of Monday, May 28 2017 – Sunday June 11, 2017, the Federal Ministry of Power, Works and Housing has advertised for the supply of AGO instead of Gas to power the Kaduna Power Plant;

Worried that over 4.7 Trillion Naira was expended by the Federal Government on importation of petroleum products in 2016;

Further worried that 40% of Forex demand in the country is due to the importation of petroleum products;

Aware that even General Electric/Rockson Engineering Consortium upon becoming aware of this development has raised alarm on the environmental hazards, cost and efficiency of the plant performance and have threatened to withdraw their warranty for the project,

Accordingly resolves to:

Mandate the Senate Committees on Power, Steel Development & Metallurgy and Gas to investigate this anomaly and report back to the Senate immediately.
