ORDERS OF THE DAY

BILLS

1. A Bill for an Act to Establish Federal College of Education, Jama'are, Bauchi State to Provide Full-Time Courses, Teaching Instructions and Training in Technology, Applied Science, Arts, Social Sciences, Humanities and Management; and for Related Matters (HB. 1216) (*Hon. Isah Hassan Mohammed*) — *Second Reading*.
2. A Bill for an Act to Repeal the Yaba College of Technology, Lagos and Establish Federal University of Technology, Lagos to Provide Training and Teaching Instructions in every aspect of Education and such other fields of Applied Learning Relevant to the Needs of the Development of Education in Nigeria, Matters of Administration and Discipline of Students; and for Related Matters (HB. 1197) (*Hon. Abbas Tajudeen*) — *Second Reading*.
3. A Bill for an Act to Amend the Federal Radio Corporation of Nigeria Act, Cap. F18, Laws of the Federation of Nigeria, 2004 to Provide for National Stations in each of the Geopolitical Zones, Abuja and Lagos, to enhance its Efficient Service Delivery; and for Related Matters (HB. 1247) (*Hon. Garba I. Mohammed*) — *Second Reading*.
4. A Bill for an Act to Amend the Federal Government Staff Housing Board to Administer a Housing Loan Scheme for Federal Public Officers and for Related Matters (HB.1224) (*Hon. Gogo Bright Tamuno*) — *Second Reading*.

MOTIONS

5. **Need to carry out a Comprehensive Audit of the Internally Generated Revenues (IGRs) and Remittances into the Federation Account by Federal Medical Centers, Teaching Hospitals and Other Tertiary Health Institutions (Specialist Hospitals) Across the Country from 2011-2017: Hon. Solomon Bulus Maren:**

The House:

Notes that the Federal Government has more than Seventy (70) tertiary health institutions, including University Teaching Hospitals, Federal Medical Centres and Specialist Hospitals spread across the country;

Also notes that between 2011-2017, there had been budgetary allocations ranging from ₦100 million to over ₦11 billion to the tertiary health institutions, amounting to over ₦4.5 trillion over the period;

Further notes that those allocations cover recurrent, overhead and capital expenditures (including procurement of drugs, hospital equipment and furniture) to those tertiary health institutions for the purpose of providing quality healthcare delivery to Nigerians and foreigners within the country;

Concerned that in spite of the huge annual budgetary allocations, the non-availability of medical consumables and/or non-functional or outdated medical equipment in most of those health Institutions and lack of proper handling and treatment of ailments have led to some Nigerians seeking medical treatment abroad, thereby adversely affecting the nation's economy, especially in the areas of transfer of technology and capital flight;

Aware that those tertiary health institutions, being public institutions for health care delivery, also serve as revenue generating agencies of government by providing medical, surgical, radiological, pathological, laboratory, hematological consultancy and ambulance services, respectively and such other services related to health issues, in exchange for financial payments;

Also aware that the revenues generated in the last eighteen (18) years which were estimated at over ₦7.97 trillion and were expected to have been paid into the Federation Account were disbursed without authorization;

Further aware that those institutions have collectively remitted less than ₦200 billion to the Federation Account during the years under review;

Informed that there are lots of leakages and high level of secrecy surrounding the revenues generated and remittances to the Federation Account through misapplication, misappropriation and diversion at those facilities;

Realizes that if those internally generated revenues were remitted to the Federation Account, it would have gone a long way in increasing the allocation to the Health sector to at least 15% budgetary requirements as stipulated by the World Health Organisation (WHO) and by extension, improve the quality of health care delivery in the country;

Believes that unless steps are taken to checkmate those anomalies, the tertiary health institutions and the entire healthcare system in the country may collapse;

Resolves to:

Set up an *Ad-hoc* Committee to carry out a comprehensive audit of the Internally Generated Revenues (IGRs) and remittances to the Federation Account by the Federal Medical Centres, Teaching Hospitals and other Specialist hospitals across the country and report back in twelve (12) weeks for further legislative action.

6. Need to Investigate the Incessant Arrests, Brutality and Malicious Prosecution of Nigerian Students by Indian Police Authorities.

Hon. Fredrick Yietiemone Agbedi:

The House:

Notes that sometime in 2017, some Nigerian and other African students studying in India were attacked by unruly Indian mobs in the district of Greater Noida, a suburb of Delhi, who beat them to a state of unconsciousness;

Also notes another attack in Nodia, Uttar Pradesh State where five (5) Nigerians were beaten and badly wounded due to the belief of the mob that the death of an Indian student was as a result of an overdose on drugs allegedly supplied by his Nigerian colleague;

Informed of a new and rising trend of profiling, arrests, Police brutality and malicious prosecution of Nigerian students by the Police, including the incident of 30 December, 2017 at Yaprallin Telangana State where some Nigerian students like Chidiebube Chukwuma, Priscilla Sunday and Shola were arrested and taken away, and it took the frantic efforts of colleagues and a human rights lawyer to locate their place of detention, where they have remained since;

Cognizant that since India is one of Nigeria's biggest trading partners, there is the need to address those incidents of arrests and brutality so that they do not hurt the fruitful relationship that has been nurtured over the decades;

Resolves to:

- (i) urge the President of the Federal Republic of Nigeria to declare the issue as one of national interest requiring urgent Government attention;
- (ii) also urge the Nigerian High Commission in India to explore diplomatic channels in ensuring that those arrested are released in appropriate cases or on bail pending further investigation where same is still on-going;
- (iii) send a delegation to India to ascertain the condition, state of health and mental wellbeing of the arrested students; and
- (iv) mandate the Committee on Foreign Affairs to investigate the immediate and remote causes of the police brutality, arrests and malicious prosecution of Nigerian students with a view to finding a lasting solution to it and report back to the House within two (2) weeks for further legislative action.

7. Need to Investigate the Non-Remittance of \$3.78 Billion Gas Revenue to the Federation Account by the Nigerian National Petroleum Corporation:

Hon. Douye Diri:

The House:

Notes the report in the Vanguard Newspaper of 29 December, 2017 where the Nigeria Extractive Industries Transparency Initiative (NEITI) alleged that the Nigerian National Petroleum Corporation (NNPC) and its downstream subsidiary, the Nigerian Petroleum Development Company (NPDC) as well as other Oil companies failed to remit \$3.78 billion and ₦80.64 billion to the Federation Account in violation of Section 80, subsections (1) - (4) of the Constitution of the Federal Republic of Nigeria, 1999;

Also notes that the report further disclosed that the Nigeria National Petroleum Corporation (NNPC) failed to remit \$1.07 billion proceeds which were dividends from the sale of natural gas, being part of Nigeria's 49% equity shareholding in the Nigeria Liquefied Natural Gas Limited (NLNG) for 2015;

Further notes that a greater part of funding for the 2017 budget would have been resolved if that amount was remitted as at when due;

Aware that if the trade in such a highly valuable resource as natural gas, with its many characteristics, is not strictly monitored, it will continue to be a source of huge revenue losses to the State, thus denying it of the much needed funding for economic development;

Resolves to:

Mandate the Committee on Gas Resources to investigate:

- (i) the alleged failure of the Nigerian National Petroleum Corporation (NNPC) to remit \$1.07 billion to the Federation Account from the sale of natural gas by the Nigeria Liquefied Natural Gas Limited (NLNG) for 2015;
- (ii) any other non-payment of revenues due to the Federation Account from Gas components under any other Ministry, Department, Agency or Company and propose sustainable reforms to prevent future breaches and leakages.

CONSIDERATION OF REPORTS

8. ***Ad-hoc* Committee on Petroleum Industry Bill:**

Hon. Alhassan Ado Garba:

"That the House do consider the Report of the *Ad-hoc* Committee on Petroleum Industry on a Bill for an Act to Provide for the Governance and Institutional Framework for the Petroleum Industry and for Other Related Matters (HB. 477, HB. 878, HB. 1053) and approve the recommendations therein" (*Laid: 16/01/2018*).

9. **Committee on Maritime Safety, Education and Administration:**

Hon. Mohammed Umaru Bago:

"That the House do consider the Report of the Committee on Maritime Safety, Education and Administration on a Bill for an Act to Establish the Nigeria Maritime University, Okerenkoko, Delta State and for Related Matters (HB. 1032) and approve the recommendations therein" (*Laid: 20/12/2017*).

10. **Committees on Petroleum Resources (Upstream), and Public Procurement:**

Hon. Victor Nwokolo:

"That the House do consider the Report of the Committees on Petroleum Resources (Upstream), and Public Procurement on the Investigation into the \$260 Million Contract Awarded by the National Petroleum Investment Management Services (NAPIMS) and approve the recommendations therein" (*Laid: 20/12/2017*):

- (i) urge the Nigerian National Petroleum Corporation (NNPC) to strengthen the National Petroleum Investment Management Services (NAPIMS) to ensure strict monitoring of the activities of Joint Venture Partners in order to protect the nation's interests;
- (ii) also urge the NNPC and its Joint Venture Partners to always adhere to due process in their transactions to eliminate prolonged disputes that may negatively impact on investments;

- (iii) given that since the contract for the provision of the DP2-DP3 Construction Platform Support Vessel single sourced to GMT Energy Limited is already ongoing, the Contractor should be given enough termination notice by demobilizing it at a date not later than the first year anniversary of the commencement date of the contract;
- (iv) that given both the Nigerian content human capital development and financial investments already made by Tilone Subsea Limited, the Committee recommends that the NNPC Board do approve the NAPIMS memorandum of 30 December, 2013, which cleared NAPIMS Contract Review Committee on 10 July, 2014 referenced A10-190614 for the provision of OIMR Vessel and WROV Services for Usan operations in OML 138;
- (v) that EEPNL should mobilise Tilone Subsea Limited to provide OIMR Vessel and WROV Services to meet its requirement after the demobilization of GMT Energy Limited.

11. Committee on Interior:

Hon. Jagaba Adams Jagaba:

“That the House do consider the Report of the Committee on Interior on the investigation into the Outsourcing of Issuance of Travel Documents, International Passports, Residence Permits and Border Surveillance and Patrol by the Ministry of Interior and the Nigeria Immigration Service and approve the recommendations therein” (*Laid: 25/5/2017*):

- (i) that Continental Transfer Technique (CONTEC) stand-alone systems at the various airports should be dismantled immediately as this amounts to usurping the functions and responsibilities of the Nigeria Immigration Service (NIS);
- (ii) that Officers of Nigeria Immigration Service (NIS) must have immediate access/control to the databases of Combined Expatriate Resident Permit and Alliance (CERPAC), E-Pass, Passports and Networks as the then Comptroller General of the Immigration Service (CGIS) confirmed that his officers have no access. The process should commence with the immediate deployment of NIS officers to understudy the operations of the CERPAC and Passport databases and to fully takeover in 3 (three) months;
- (iii) that in all matters relating to negotiations of agreement, amendment or variation, while the Attorney General of the Federation and Minister of Justice leads the negotiation, the mother Ministry and the parastatal must participate in order to be on the side of caution so that operational issues or national security would not be compromised;
- (iv) that the Economic and Financial Crimes Commission (EFCC) should also conduct a forensic investigation into the company accounts of CONTEC to determine any act of untoward transactions in the account;
- (v) that the reviewed sharing formulas of the accruals, Nigerian Intelligent Visa Administration (NIVA) and Trusted Travelers' Scheme (TTS) agreements should be suspended immediately, while the Federal Ministries of Justice/Interior and NIS should negotiate a complete exit from the contract;
- (vi) that there was conflict of interest and gross abuse of office by the following: Hon. Patrick Abbah Moro, Comptroller-General Immigration Service, U. J. C. Udeh (*rtd*) and the Deputy Comptroller General (DCG) Abubakar Kuso (*rtd*). Their roles in the projects should, therefore, be investigated by the EFCC;
- (vii) that the management of the CERPAC account in Skye Bank Plc and the e- pass account in Sterling Bank and the commission accounts for both CERPAC and PASS should be investigated to determine compliance with the agreements. There is the need to examine the accounts by the EFCC. The domiciling of the e-pass accounts with the Ministry of Interior is illegal and should be handed over to the NIS immediately;

- (viii) that the agreements dated 28 May, 2012 and that of 18 December, 2014 between the Federal Ministry of Interior, CONTEC and Skye Bank Plc should be investigated as it is tainted with fraud and illegality;
- (ix) that there should be clearly spelt out delineation of functions between the Ministry of Interior and the NIS as it exists in other agencies of government that have supervisory roles over agencies like the Nigeria Police Force and the Police Service Commission which oversees the appointments, promotion and disciplining of Members of the Nigeria Police Force, it thus becomes necessary to review the Acts to that effect that is: (Civil Defence, Fire Service, Immigration and Prisons Board Act) and Nigeria Immigration Act, 2015;
- (x) that for not complying with the provisions of sections 1, 2, 3 and 4 of the Infrastructure Concession Regulatory Commission (ICRC) Act, 2005, and other circulars and policy documents to that effect, the whole Public Private Partnership (PPP) Agreements should be terminated, with the exception of Iris Smart Technologies Limited (ISTL), and those in default of the Enabling Act be prosecuted (if the legislation provides for it). For emphasis, the CONTEC projects, Networks project, Vlatacom projects, Greater Washington Ltd GWL project, Online Integrated Solution Ltd (OIS) project etc.;
- (xi) that in order to avoid a situation of helplessness in respect of production of passports in terms of sourcing for foreign exchange at government rate, a reasonable period of 1 (one) year should be given to Iris Smart Technologies Limited (ISTL), the Company handling the production of Nigeria passports to establish its production facility in Nigeria or the contract be exited;
- (xii) that the Public Key Infrastructure (PKI) for the issuance of certificates for the passport chip and which had been fully paid for should be immediately handed over to the NIS by Messrs. Iris Smart Technologies Ltd;
- (xiii) that border security and management is a matter of national sovereignty and a responsibility of the State. Concessioning these roles to private entities is an abdication of responsibility by the State. The Nigerian Government therefore, needs to take a holistic view of the strategic role of migration management in the national security strategy with a view to developing the capacity of the NIS to perform its statutory duty for the Nigerian state;
- (xiv) that the Vlatacom contracts for lease of software and e-registration were obtained without due process and tainted with fraud. The contracts should, therefore, be cancelled and all funds paid to Messrs. Vlatacom be recovered by government;
- (xv) that for testifying against Nigeria which caused her to lose ₦29b and an additional \$300m in respect of the judgment awarded, DCI Aliyu Malik should be dismissed from the Nigerian Immigration Service, while CIS Oshonaike (rtd) should have his retirement converted to dismissal, and both officers be handed over to the Economic and Financial Crimes Commission (EFCC) for further investigation and prosecution.
