Motion made and Question proposed,

The House:

Recalls that on Thursday 3 November, 2016, the House referred to the Committee on Power the Motion on Call for Caution and Clarification in the Calabar National Integrated Power Projects World Bank Partial Risk Guarantee/Investigate the Status/Condition of P.P.As signed by the Nigerian Bulk Electricity Trading Plc with Electricity Generation Companies and their Liabilities effect to the Nigerian Government;

Also recalls that the motion mandated the Committee to convene a Public Hearing of critical Stakeholders to clarify and evaluate the World Bank's Partial Risk Guarantee (PRG) as it relates to the Nigerian Integrated Power Projects and make recommendations to the House within four (4) weeks.

Aware that the Committee has since commenced work on the referral but has not concluded work to enable it present its Report pursuant to Order Seventeen, Rule 3 (1) (g) of the Standing Orders of the House;

Resolves to:

Grant the Committee on Power an extension of time of one (1) month to enable it conclude the assignment and present its report to the House for further legislative action (*Hon. Daniel Asuquo — Akamkpa/Biase Federal Constituency*).

Agreed to.

11. Call to Investigate Non-Prosecution of Vandals of Electricity Cables and Equipment in Nigeria
Motion made and Question proposed:

The House:

Notes several reports by Electricity Companies and the Nigeria Police Force of continuing vandalism of various electrical equipment which is one of the major reasons for power failure all over the Federation;

Also notes the reports in the Media that the country loses about Five hundred million Naira (₦500,000,000) annually as a result of vandalism of electrical equipment;

Aware that Section 1 (9) and (10) of the Miscellaneous Offences Act, Cap. M17, Laws of the Federation of Nigeria, 2004 prescribes punishment for vandalism of power equipment but observes that there have hardly been any report of prosecution of any vandal in accordance with the provisions of the law;

Concerned by the situation where vandals had been left for too long to carry out their nefarious activities without any form of sanction being meted out to them, a development that has goaded them into becoming more daring;

Resolves to:

Mandate the Committees on Power, Police Affairs, Interior, National Security and Intelligence and Federal Judiciary to critically examine the non-prosecution of vandals of electricity cables and equipment and make recommendations within six (6) weeks on ways to put an end to the nefarious activities of the vandals (*Hon. Francis Charles Uduyok — Ikot Abasi/Mkpat Enin/Eastern Obolo Federal Constituency*).

Debate.

Amendment Proposed:

In line 1 of the Prayer, immediately after the words "Intelligence and", *leave out* the words "Federal Judiciary", and *insert* the word "Justice" (*Hon. Shehu Shagari — Yabo/Shagari Federal Constituency*).

Question that the amendment be made — Agreed to.

Question on the Motion as amended — Agreed to.

The House:

Noted several reports by Electricity Companies and the Nigeria Police Force of continuing vandalism of various electrical equipment which is one of the major reasons for power failure all over the Federation;

Also noted the reports in the Media that the country loses about Five hundred million Naira (₦500,000,000) annually as a result of vandalism of electrical equipment;

Concerned by the situation where vandals had been left for too long to carry out their nefarious activities without any form of sanction being meted out to them, a development that has goaded them into becoming more daring;

Resolved to:

Mandate the Committees on Power, Police Affairs, Interior, National Security and Intelligence, and Justice to critically examine the non-prosecution of vandals of electricity cables and equipment and make recommendations within six (6) weeks on ways to put an end to the nefarious activities of the vandals (**HR. 66/2018**).

12. Need to Investigate the Incidents of Examination Malpractices in Some Secondary Schools in Nigeria

Motion made and Question proposed:

The House:

Notes that apart from public schools that are owned by Governments at various levels, individuals, religious organisations and corporate bodies can establish and manage schools subject to compliance with the regulations laid down by Ministries of Education at both the Federal and States levels;

Aware that during the West African Examination Council (WAEC) and National Examination Council (NECO) examinations, some secondary schools, particularly those that are commonly referred to as “Special Centres” routinely indulge in examination malpractices, most often, with the knowledge and connivance of the school authorities;

Cognizant that candidates who passed the examinations through malpractices would not be able to defend the certificates that have been awarded to them and could at best be referred to as half-baked graduates who are ill prepared for the challenges of the twenty first century;

Resolve to:

- (i) urge the Federal and States Ministries of Education to strictly supervise the examination processes of secondary schools with a view to stamping out examination malpractices;
- (ii) mandate the Committee on Basic Education and Services to interface with relevant stakeholders on the matter and report back within six (6) weeks for further legislative action (*Hon. Yusuf Buba Yakub — Gombi/Hong Federal Constituency*).

Debate.

Agreed to.

13. Need to Establish the Technical and Operational Status of Nigerian Registered Commercial/Private Aircrafts to Boost the Safety, Protection and Confidence of Passengers Flying the Nigerian Airspace

Motion made and Question proposed:

The House:

Notes that compliance with safety standards in the Aviation subsector is sacrosanct, given its sensitivity as well as extremely low tolerance for margins of error;

Aware that Aviation Safety measures are rather proactive measures to mitigate against air mishaps as well as to enhance smooth operations and comfort of passengers;

Also aware that recently incidents in the aviation subsector are indicative that a holistic review and assessment of the level of compliance and adherence to safety standards are pertinent;

Also notes that ideally there must be periodic aircraft maintenance which includes overhaul, repair, inspection, or modification of an aircraft or aircraft component and maintenance which incorporates such tasks as ensuring compliance with airworthiness directives;

Further aware of the National regulations which are coordinated under international standards maintained by the International Civil Aviation Organization (ICAO);

Disturbed that there exists a high degree of complicity between airline operators in Nigeria and the regulatory bodies charged with the safety of our airspace and passengers; particularly, the Directorate of Quality Assurance of the Nigerian Civil Aviation Authority as well as the Accident Investigation Bureau; which has compromised the safety standards of our aviation sector;

Worried that non-compliance with applicable airworthiness requirements exposes consumers and equipment to high level risks, potential dangers and discomfort, which can easily be averted by carrying out appropriate due diligence periodically;

Resolves to:

Mandate the Committees on Aviation and Commerce to investigate as well as carry out critical audit of all registered aircrafts with a view to ascertaining their airworthiness, compliance with applicable operational methods, set safety standards and procedures as well as evaluate the operational environment of the aviation subsector with a view to enhancing improved operational standards as well as convenience of users (*Hon. Abubakar Amuda-Kannike Garba — Ilorin East/Ilorin South Federal Constituency*).

Debate.

Agreed to.

14. Need for an Appraisal and Submission of List of Ratified Treaties

Order read; deferred by leave of the House.

15. Need to include the Teaching of Leadership Principles in the Curriculum of Secondary Schools and Tertiary Institutions

Motion made and Question proposed:

The House:

Notes that education is the key that unlocks the development of personal and national potentials and equips every person with knowledge, skills, attitude and values to enable him or her contribute meaningfully towards national development.

Also notes that the goals of higher education as specified in the Nigeria's National Policy on Education include acquisition of both physical and intellectual skills which will enable individuals to be self-reliant and useful members of the society;

Aware that the education curriculum in Secondary Schools and Tertiary Institutions in Nigeria have been developed and continually changed to cater for the needs and growth of the society;

Also aware that those curricula have undergone constant changes, there are no provisions for subjects and courses that will equip students with requisite leadership skills and knowledge to make them future leaders and persons capable of engaging in global competitiveness;

Concerned that the absence of subjects or courses on leadership and development in the education curriculum in the Secondary schools and Tertiary institutions has left the youths ill equipped and with little or no capacity to assume leadership roles in the society;

Disturbed that the new additional subjects introduced by the National Educational Research and Development Council (NERDC) and implemented are essential because they include subjects such as entrepreneurial studies, but did not include the teaching of leadership which is an essential subject for future leaders;

Resolves to:

Mandate the Committees on Basic Education and Services and Tertiary Education and Services to liaise with relevant authorities to ensure the inclusion of the teaching of leadership principles and practice in the curriculum of Secondary Schools and Tertiary Institutions in Nigeria and to report back within six (6) weeks for further legislative action (*Hon. Olajide Olatunbosun — Atisbo/Saki East/Saki West Federal Constituency*).

Debate.

16. Need to Create Ikot Ekpene State Constituency in Akwa Ibom State

Order read; withdrawn by leave of the House.

17. Need to Stem the Rising Tide of Moral Decadence and Indiscipline in Tertiary Institutions in Nigeria

Motion made and Question proposed:

The House:

Notes with concern the persistent rising tide of moral decadence and gross indiscipline among the youths in tertiary institutions across the country which is leading to the lowering of societal moral values, thereby endangering the future of the youths;

Observes that our Institutions of learning, where moral values ought to be acquired along with knowledge have become “show ground” for indecent dressing, drug abuse, cultism and a conduit for different kinds of immoral activities;

Aware that in the past, decency especially in dressing was identified as a vital feature and bedrock of the African and Nigerian culture, but now indecent dressing in tertiary institutions has become the order of the day, resulting in high level of prostitution and promiscuity among the youths;

Concerned about the negative implications of indecent dressing, especially among female students who often fall victims of rape on campus, with many of them being lured into prostitution by peer influence and could also be tempted to become members of one cult group or the other;

Resolves to:

- (i) mandate the Committee on Tertiary Education and Services to liaise with the Federal Ministry of Education to ascertain measures that can be put in place to redress, as a matter of urgency the rising tide of moral decadence and indiscipline in tertiary institutions across the nation; and
- (ii) call on the Federal Ministry of Information and Culture, the National Orientation Agency (NOA) and Religious organization to carry out concerted media campaigns and public awareness to inculcate in the youths at tertiary institutions the ideals of moral uprightness and decent dressing and also educate them on the dangers inherent in anti-social behaviours that are adversely affecting the society (*Hon. Segun Adekola Alexander — Ekiti Southwest/Ikere/Ise/Orun Federal Constituency*).

Debate.

Motion withdrawn by leave of the House.

18. Consideration of Reports**(i) Committee on Industry:**

Motion made and Question proposed, “That the House do consider the Report of the Committee on Industry on a Bill for an Act to make it Mandatory for Tyres to bear Manufacturing and Expiry Dates, and to Prohibit the Importation of Used, Substandard and Expired Tyres and for Other Related Matters and approve the recommendations therein (HB. 499)” (*Hon. Mohammed Jafaru Ibrahim — Nasarawa /Toto Federal Constituency*).

Agreed to.
