MOTIONS

4. **Call for Audit of Facilities at the Benin Airport, Edo State:**
Hon. Omosede G. Igbinedion:

The House:

Notes that the Benin Airport which was constructed in 1956, and located about 2km Southwest of the ancient Benin Kingdom is one of the oldest Airports in Nigeria;

Also notes the importance of the Airport to the people of Edo and Delta States which currently does not render night services such as landing or taking off;

Aware that in 2013, a 13 year old Daniel Ohikhena stowed in the wheel of Arik flight W3544 to Lagos, among other incidences;

Also aware that in 2015, the Airport was shut down for weeks to allow for upgrading of the runway and firefighting department;

Concerned about the gradual dilapidation of the Benin Airport runway, absence of Perimeter fence which makes the Airport susceptible to trespass by both people and animals, and lack of capacity to operate flight travels beyond certain times in a day;

Recalls that when Mr. Saleh Dunomas, the Managing Director of the Federal Airports Authority of Nigeria visited the Airport in 2017, he expressed the intention of the Authority to concession the Airport and to partner with the Edo State Government to operate 24 hours flight schedules daily;

Cognizant of the need to ensure security and safety in Nigeria's aviation sector, hence the call to improve the situation of the Benin Airport;

Desirous of taking pro-active measures to ensure that the Benin Airport is upgraded to meet International standards;

Resolves to:

- (i) Urge the Federal Airports Authority of Nigeria (FAAN) and the Nigerian Airspace Management Agency (NAMA) to:
 - (a) Commence the repairs of the Benin Airport runway and erect Perimeter fence at the Airport;
 - (b) Upgrade the Navigational, Communications and Surveillance Equipment at the Benin Airport Traffic Control Towers;
- (ii) Mandate the Committee on Aviation to visit the Benin Airport to inspect and take an audit of the Airport Air Traffic Control Towers and report back within six (6) weeks for further legislative action.

5. **Recent Crude Oil Spillage in Communities of Burutu Federal Constituency:**
Hon. Julius G. Pondi

The House,

Notes the recent massive crude oil spill in Odimodi Community in Burutu Local Government Area of Delta State that wreaked havoc on the people and the environment;

Also notes that the spillage occurred on Tuesday 24 April, 2018 at four different spots on the 24-inch Trans -Ramos Crude Oil Pipeline owned and operated by Shell Petroleum Development Company (SPDC);

Aware that as at the time the report of the spillage was made to the public, the SPDC was reported not to have demonstrated any commitment to the plight of the people and environment of the devastated Communities;

Concerned that even though the SPDC has reportedly begun to take stock of the damage to its pipeline, it has not demonstrated any commensurate commitment to a remediation of the polluted areas and the mitigation of the aquatic resources of the people;

Worried that a report of the Joint Investigative Team on the Odimodi spill made by the SPDC, the Department of Petroleum Resources -DPR, and the National Oil Spill Detection and Response Agency- NOSDRA is yet to be made public;

Alarmed that the recent spill is so enormous that not only the Communities in the Odimodi area are adversely affected, but several other Communities in Bayelsa State and even beyond, are equally enmeshed in crude oil flood;

Further worried that Multinational Oil Companies have often demonstrated unrestrained inclination to short-change Local Communities whenever a spillage occurs in order to avoid accepting responsibility for acts of corporate negligence;

Saddened that almost one month after the Odimodi spill, the SPDC and the Federal Government are yet to provide any form of relief materials and medications to the affected communities;

Resolves to:

- (i) condemn the lukewarm approach of the SPDC in taking steps to come to the aid of the affected communities and commence immediate spill clean-up of the affected communities;
- (ii) urge the Ecological Fund Office in the Presidency, Shell Petroleum Development Company- SPDC, and the National Emergency Management Agency (NEMA) to provide relief materials to the affected communities;
- (iii) also urge on the Federal Government to demonstrate more commitment to providing urgent solutions to the welfare of the affected Communities whenever there is Oil Spillage in any Oil Prospecting and Exploiting Community in Nigeria;
- (iv) Mandate the Committee on Emergency and Disaster Preparedness to ensure implementation.
