MOTIONS

4. **Discharge of Committees from Referrals on Bills, Pursuant to Order Seventeen, Rule 3 (g) of the Standing Orders of the House of Representatives:**
Hon. E. Y. Orker Jev:

The House:

Notes that the following Bills were read a Second time in 2017 and referred to the underlisted Committees for legislative actions:

S/no.	Title of Bills	Date	Committee
1.	Pre-Natal and Post Natal Health Services Bill, 2016 (HB.717)	27/4/2017	Healthcare Services
2.	(HB. 1067) Federal University of Education, Nsugbe (Establishment) Bill, 2017	25/7/2017	Tertiary Education and Services

Aware that the Committees are yet to present Reports on the Bills, contrary to the provisions of Order Seventeen, Rule 3 (g) of the Standing Orders of the House of Representatives, to wit:

"Any matter referred to any Committee shall be treated within 30 days otherwise the Committee shall stand discharged after 60 days and the matter committed to the Committee of the Whole for consideration";

Resolves to:

Discharge the Committees from the Bills and commit same to the Committee of the Whole for consideration.

5. **A Call to Address the Plight of Victims of Fire Disaster/Rain Storm in Tarmuwa And Gulani Local Government Areas of Yobe State:**
Hon. Abdullahi Usman Kukuwa:

The House

Notes that on May 20, 2018, there was a fire outbreak at Lantaiwa in Tarmuwa Local Government Area of Yobe State which left over 250 houses destroyed;

Also notes that on May 27, 2018, rainstorm wreaked havoc in various communities in Gulani LGA; which includes Bumsa, Gabai, Njibilwa, and Ngurum where about 530 houses were affected and 2 persons lost their lives in the incident;

Concerned that the fire outbreak and rainstorm caused extensive damage and left in its wake, several houses, food reserves, farmlands worth millions of naira destroyed and rendered hundreds of people homeless, among whom are pregnant women, children and the elderly;

Aware that the affected areas represent the food basket of Yobe State;

Worried that the displaced persons are stranded and living like refugees in their own land, without livelihood, shelter and other basic human needs as a result of the fire outbreak and rainstorm;

Resolves to:

- (i) Urge the National Emergency Management Agency (NEMA) to assess the level of damage caused by the incident and urgently provide shelter and relief materials to the affected families and assist in rehabilitating them;
- (ii) Mandate the Committee on Emergency and Disaster Preparedness to ensure compliance and report back within four (4) weeks for further legislative action.

**6. Devastating Windstorm at Gwandu/ Jega Town of Gwandu/Aleiro/Jega Federal Constituency:
Hon. Mohammed Umar Jega:**

The House

Notes that terrible windstorm had occurred on Thursday 24 May, 2018 and devastated Unguwar Madi town and it's environ (Akalawa and Bamungade villages) in Jega Local Government Area of Kebbi state;

Also notes that another rainstorm occurred Tuesday, June 5 2018 at Gwandu and Kambaza towns in Gwandu Local Government Area, which resulted in four (4) death and many others sustained various degrees of injury and are receiving treatment at the Gwandu General Hospital;

Further notes that as a result of the dangerous storm, roofs of most houses in the area blew off, economic trees grounded, equally schools and hospital were affected;

Concerned that the situation has caused untold hardship for the indigenes and inhabitants of these towns as basic necessities like food, water, shelters and healthcare are now lacking;

Worried that the pathetic situation and suffering being experienced by the victims call for concern and indeed government's assistance;

Aware that Kebbi state is one of the frontline States for the Great Green Walls interventions;

Also aware that the primary responsibility of government anywhere in the world is to protect lives and property of its citizen more so in an emergency situation like this;

Regrets that if the situation is not addressed, it could degenerate to epidemics, starvation, deaths and destitution;

Resolve to:

- (i) Urge the National Emergency Management Agency (NEMA) to swiftly attend to the emergency needs of the victims of this deadly storm in Unguwar Madi, Gwandu and Kambaza towns;
- (ii) Also urge the National Agency for Great Green Wall to provide shelter belt in the area to mitigate the effect of windstorm within the area in the future;

- (iii) Mandate the Committees on Emergency and Disaster Preparedness, and Environment and Habitat to ensure compliance and report back in (4) weeks for further legislative action.

7. Need to Investigate the activities of a Cartel within the Bureau of Public Procurement Involving Fraudulent Manipulation, Abuse and Breach of Public Procurement Act:
Hon. AbdulRazak Sa'ad Namdas:

The House:

Recalls that the Bureau of Public Procurement is established by the Public Procurement Act 2007 and charged with the responsibility of ensuring the application of fair, competitive and transparent standards and practices for the procurement; and the attainment of transparency, competitiveness, cost effectiveness and professionalism in the public-sector procurement system.

Also recalls that the Bureau is further empowered to prevent fraudulent and unfair procurement and review the procurement and award of contract procedures of every entity to which the Public Procurement Act applies;

Notes that despite the statutory and sacred responsibilities imposed on the Bureau, recent events reveal that the Bureau has been violating the Public Procurement Act through numerous fraudulent, unfair and non-transparent practices;

Also notes that upon conclusion of procurement processes by Ministries, Departments and Agencies (MDAs) for awards within their threshold, the Bureau adopts underhand practices aimed at bringing the bidding process within its reach, hence, the illegal activities of a cartel within the Bureau has prompted pre-qualified but unsuccessful bidders to write petitions to the Bureau against successful bidders;

Further notes that upon presentation of the Petition, the Bureau forcefully initiated an Administrative Review Process, suspended the procurement process and invited the contractors and the MDAs for discussions, which eventually became an avenue for extortion of money from the contractor(s).

Observes that the action of the Bureau is undermining the budget implementation of the Federal Government and is sabotaging the Nigerian economy and exposing Nigerians to hardship and sufferings;

Concerned that if urgent steps are not taken to address the activities of the cartel within the Bureau, it will result in severe damage to the Public Procurement system and to the Budget implementation process.

Resolves to:

Mandate the Committee on Public Procurement to investigate the improprieties and report back within six (6) weeks for further legislative action.

8. Need to Address the Ecological Catastrophe and Humanitarian Crises in the Lake Chad Basin:
Hon. James Abiodun Faleke:

The House:

Notes that the Lake Chad Basin Commission was established in 1964 to harness the resources of the lake for aquaculture, potable water for people and livestock and irrigation for agricultural development;

Also notes that since the establishment of the Commission, the surface area of the Lake, which was more than 26,000 square kilometers, had been decreasing due to increased demand on the lake's water from the local population as well as shifting climate patterns, and is currently less than 1,400 square kilometers;

Concerned that the decrease in surface area has resulted in desertification and a decline in vegetation, causing humans and other natural species in the area to be stressed;

Worried that the shrinking of the lake has caused several conflicts as to which countries that border Lake Chad have the rights to the remaining water, consequently leading to increasing violence in the area;

Also worried that food insecurity and malnutrition in the region have reached critical levels as reports shows that humanitarian crises across the Lake Chad Basin is one of the world's most severe and has resulted in mass displacement and migration of people from the region;

Also concerned that the allocation of only one billion Naira in the 2017 budget to the Lake Chad Basin Commission is meagre compared to the ecological catastrophe and humanitarian crises in the region;

Resolves to:

- (i) Urge the Federal Government to make concerted efforts at solving the Ecological catastrophe and Humanitarian crises in the Lake Chad Basin and increase budgetary allocations for the Lake Chad Basin Commission;
- (ii) Also urge the Federal Government to make renewed commitment to the protection of the Internally Displaced Persons, provide emergency life -saving assistance and work closely with development partners to address the crises;
- (iii) Mandate the Committees on Lake Chad, Climate Change and Water Resources to liaise with the ministries of Environment and Water Resources, and the lake chad Basin Commission and other Development partners to find lasting solutions to the lingering Ecological catastrophe and humanitarian crises in the Lake Chad Basin and report back within eight (8) weeks for further legislative action.

9. Need to Prevent Counterfeiting of Drugs in Nigeria through NAFDAC Mobile Authentication Service (MAS):

Hon. Babajimi Benson:

The House:

Notes that fake drugs undermine every aspect of medical treatment and health care delivery and are a major cause of suffering and death;

Concerned that Drug adulteration and counterfeiting has contributed negatively to the wellbeing of Nigerians and the illicit trade has escalated within the Nigerian health care system in recent times;

Aware that in 2010, the National Agency for Food and Drug Administration and Control (NAFDAC), in its effort to combat counterfeit drugs, initiated the Mobile Authentication Service (MAS), which allows consumers to send by text message, an authentication code to a designated number approved by NAFDAC to confirm the genuineness of purchased drugs;

Also aware that the MAS allowed consumers seeking to buy genuine drugs to scratch a coating on the packaging of the drug to reveal a unique 12 or 13 digit PIN that could be sent by SMS text to a

short code 38353 and get a response within seconds indicating if the drug is genuine, or potentially fake or stolen;

Observes that in recent times, there has been a reduced campaign on this authentication process and most over the counter drugs and infant syrups do not have the unique 12 or 13 digit PIN;

Worried that the negligence on the part of the National Agency for Food and Drug Administration and Control (NAFDAC) and the Standards Organisation of Nigeria (SON) has led to the influx of fake and counterfeit drugs into Nigeria's drug markets in particular and the health sector in general.

Resolves to:

- (i) Urge the National Agency for Food and Drugs Administration and Control (NAFDAC) the Standards Organization of Nigeria (SON) and the Consumer Protection Council (CPC) to ensure that the Mobile Authentication Service (MAS) is re-activated and applied to all drugs purchased in Nigeria;
- (ii) Also urge NAFDAC to, as a matter of urgency, begin a national wide publicity on MAS for the education and enlightenment of the public;
- (iii) Mandate the Committees on Health Care Services to ensure Compliance.

10. Need for the Judicial Service Committee of the Federal Capital Territory to Comply with the Presidential Directive on the Suspension of 8 Years Tenure Policy for Directors in the Federal Civil Service:

Hon. Edward Gyang Pwajok:

The House

Notes that hitherto, the Federal Civil Service approved and passed a circular making it mandatory for all Directors on GL 17 that have served in capacity as substantive Director for eight (8) unbroken years and who are unable to secure promotion or elevation to a higher position of responsibility within the eight years of their Directorship to retire compulsorily regardless of their year of service or age;

Further Notes that the Policy was applicable to the employees of the Federal Civil Service Commission, FCT Judicial Service Committee, National Assembly Service Commission, Federal Civil Service Commission and all Federal Government Agencies such as the Central Bank of Nigeria, Petroleum Products Pricing Regulatory Agency (PPRA) to name a few;

Observes that the central purpose of the Tenure Policy was to make room, create opportunity for promotion and easy ascension for lower cadre officials who commenced their career and have spent all their lives in the Public Service of the Federation, since most of the Directors came from the Private Sectors, Politics and other spheres of human endeavours;

Aware that the Policy has outlived its usefulness and began to deny the Service of the opportunity of retaining the best hands as well as contravenes the Pension Reform Act and International Labour Laws;

Also aware that at the commencement of this Administration, the President of the Federal Republic of Nigeria, President Muhammadu Buhari ordered the suspension of the Tenure Policy in the Federal Civil Service with immediate effect and consequently, the Head of Service of the Federation, (Mrs. Winifred E. Oyo-Ita, F.C.A.), by a Circular dated 20th June 2018 and referenced as HCSF/428/S.1./139 directed all Chief Executives and Heads of Ministries, Departments and Agencies of the Federal Government to suspend the Tenure Policy in the Federal Public Service with immediate effect in consonance with the presidential directive;

Worried that despite the directives from the Presidency and the Head of Service respectively, as well as a subsequent directive by the National Judicial Council to all Heads of Courts in the Federal Judiciary, the Federal Capital Territory Service Committee has refused to comply thus, Directors who have served in such capacity for eight (8) years are still compelled to resign regardless of years of service, age of retirement and the Pension Reform Act;

Disturbed that the Policy is used selectively to ease out some good hands in service who are considered as rivals and threats in the quest for promotion to higher positions in the Public Service;

Cognizant that the Judiciary is one and its policies and terms should accordingly be uniform, as such, the Federal Capital Territory Judiciary cannot be operating a Policy that is directly opposite what obtains in the mainstream Federal Judiciary despite the directive of the National Judicial Council;

Resolves to:

- (i) Urge the Federal Capital Territory Judicial Service Committee to immediately comply with the suspension of the Tenure Policy of the Federal Civil Service in consonance with the Presidential Directive and Executive Circular;
- (ii) Mandate the Committees on F.C.T Judiciary, Public Service and Legislative Compliance to ensure adherence to the Presidential Directive and report back within two (2) weeks for further legislative action.

**11. Gruesome Killings and Terrorist Attacks by Herdsmen Militia on Tse-Adough Community near Jato-Aka in Yaav Council Ward of Kwande Local Government Area of Benue State:
Hon. Benjamin Wayo:**

The House:

Notes that Kwande Local Government Area of Benue State is one of the areas most affected by the continued herdsmen attacks on Benue farming communities;

Further notes with dismay the violent invasion on Tse-Adough Community in Yaav Council ward of Kwande Local Government on Sunday 3 May 2018 where over ten (10) innocent and unarmed villagers in multiple families were killed in cold blood including Zakaa Akanyi, Liamkpuur Zakaa, Gbaior Zakaa, Mimi Gbaior, Mngohol Imoter, Terseer Anzam, Ternenge Anzam and Mama Gbinde;

Worried that Zakaa's wife was adopted by the militia, 12 other victims of the attack were severely injured and are currently hospitalized at the NKST Hospital Jato-Aka;

Also worried that over 40 houses, food stuff, animals and other properties worth over one hundred Million Naira were razed down;

Further worried that these attacks usually take a terrorist format likened to the Boko Haram attacks that ravaged parts of the country;

Concerned that the Turan Council Wards of Mbakyor, Yaav, Kumakwagh, Moon and Mbadura have been under severe attacks by the Herdsmen Militia, leading to displacement of hundreds of thousands of villagers who are currently in makeshift camps in and around Jato- Aka;

Further concerned that the attack has sacked the whole of Moon Council Ward, displacing thousands of people who are currently taking refuge in the neighbouring communities;

Resolves to:

- (i) Call on the President of the Federal Republic of Nigeria, Gen. Mohammedu Buhari to proscribe the activities of the Herdsmen Militia and declare them a terrorist group in Nigeria;

- (ii) Urge the President and Commander -in- Chief of the Armed Forces of the Federal Republic of Nigeria to direct the Nigerian Army, and other Security Agencies to tackle the menace of the herdsmen militia using the same Federal might it deployed in decimating the Boko Harm terrorists;
- (iii) Also urge the National Emergency, Management Agency (NEMA) to provide relief materials to the affected Communities;
- (iv) Further urge the Federal Government to take responsibility of offsetting all the hospital bills of victims of the attack and take over their treatment;
- (v) Mandate the Committees on Emergency and Disaster Preparedness, and National Security and Intelligence to ensure compliance.

12. Need to Regularize the Importation of Sugar in Nigeria to Boost Domestic Production and Economic Growth:

Hon. Ibora Ekanem:

The House:

Notes that Nigeria has been reported to have spent \$8.44 Billion in importing sugar over the last twenty seven years, and loses at least \$600 million annually to the importation of sugar for domestic consumption.

Further notes that sugar is not just an industrial commodity, but a domestic commodity consumed on almost a daily basis;

Aware that the National Sugar Development Council (NSDC) was established to catalyze the development of the sugar industry with a view to ensuring that Nigeria attains at least 70% self-sufficient in her sugar requirement within the shortest possible time and even export to earn foreign exchange;

Further aware that recent statistics does not show that the main objective of the NSDC is being achieved and there is a pressing need for further action;

Worried that if the present situation is left unchecked, Nigeria may continue to lose millions to importation of sugar, and may suffer financial restrictions in other matters;

Cognizant that Nigeria has the potential, excellent climatic conditions and the resources to engage in the production of sugar so as to establish a great deal of self-sufficiency in the sector;

Concerns that Nigeria's National Sugar Policy, and Local Content Policy and the existence of the National Sugar Development Council will continue to be irrelevant if excess sugar importation is not regulated to save billions of naira lost annually, for meaningful economic development.

Resolves to:

- (i) Urge the Federal Government to establish National Sugar Plantation Programme to boost sugar production for local needs;
- (ii) Also urge the Federal Government to issue regulations on sugar importation into the country with heavy duties to discourage importation of the products; and
- (iii) Mandate the Committee on Industry to interface with the Management of the National Sugar Development Council to get updates on the current development of sugar import in Nigeria and the status of implementation of the National Sugar Policy, and report back within four (4) weeks for further legislative action.;

CONSIDERATION OF REPORTS

13. Committee on Customs and Excise:

Hon. James Abiodun Faleke:

“That the House do consider the Report of the Committee on Customs and Excise on the issue from the Statutory Revenue Fund of the Nigeria Customs and Excise, the Total Sum of ₦103,534,789,767.23 (One Hundred and Three Billion, Five Hundred and Thirty-Four Million, Seven Hundred and Eighty-Nine Thousand, Seven Hundred and Sixty-Seven Naira, Twenty-Three Kobo) only, of which the Sum of ₦49,305,913,212.62 (Forty-Nine Billion, Three Hundred and Five Million, Nine Hundred and Thirteen Thousand, Two Hundred and Twelve Naira, Sixty-Two Kobo) only, is for Personnel Costs, while the Sum of ₦14,204,950,941.05 (Fourteen Billion, Two Hundred and Four Million, Nine Hundred and Fifty Thousand, Nine Hundred and Forty-One Naira, Five Kobo) only, is for Overhead Costs, and the sum of ₦40,023,925,613.56 (Forty Billion, Twenty Three Million, Nine Hundred and Twenty-Five Thousand, Six Hundred and Thirteen Naira, Fifty-Six Kobo) only is for Capital Projects for the Service of the Nigeria Customs and Excise, for the Financial Year Commencing from 1 January and Ending on 31 December, 2018.

17. Committee on Petroleum Resources (Downstream):

Hon. Akinlaja Iranola Joseph:

‘That the House do consider the Report of the Committee on Petroleum Resources (Downstream) on Need to Investigate the Disappearance of Eleven Billion Naira Worth of Petroleum Products belonging to the Nigerian National Petroleum Corporation (NNPC) and approve the recommendations therein” (*Laid: 7/3/2018).*

- (i) Ensure the full recovery of Federal Government’s money i.e. N9Billion balance from Capital Oil and Gas Limited;
- (ii) that the claims of 16Billion naira NNPC allegedly owes Capital Oil and Gas should be investigated by the Economic and Financial Crimes Commission (EFCC) and if found to be true, they should be paid or it should be net-off against the N9Billion owed the Federal Government by Capital Oil and Gas;
- (iii) that NNPC Retails should embark on a comprehensive review of all through-put agreements with Depots especially Article 11.1 to remove the lapses usually exploited by Depot Owners

who sell NNPC Products without authorization. The report of the review should be submitted to the Committee within two (2) months from the day this report is adopted;

- (iv) that NNPC Retails Limited and PPMC should conduct a quarterly training of all NNPC Retail Staff representing it in private Depots to improve their knowledge of contract terms;
- (v) that NNPC Retails should set-up an online “real-time” solution that will require DEPOT OWNERS that buy bulk products to inform NNPC Retails in “real-time” and the information made available to all Stakeholders. The online software should also reflect load-out products from all the Depots where NNPC Subsidiaries have through – put Agreement;
- (vi) that NNPC Retails should also review operational effectiveness and business control as it relates to the Depots and the report of the review should be submitted to the Committee;
- (vii) While investigation continues, Capital Oil and Gas Depot should be re-opened to secure the jobs of the people working there and appropriate sanctions should be imposed in accordance with their through-put Agreements as the action of Capital Oil and Gas with respect to the withholding of 9Billion naira of the NNPC Retails is condemnable;
- (viii) that the sacked Managing Director, NNPC Retails should be recalled because based on the Committee’s findings and NNPC Retails investigation, she offered to loan NPMC, a sister Company under NNPC corporate 20 Million litres of PMS when there was imminent fuel scarcity. This action blew the lid on the fraud. She also reported the case to Security Agencies and set up an internal investigation panel that identified where the lapses were but not on the table of the M.D. The compulsory Retirement was unfair;
- (ix) that Mr. Adio N. Yinusa who was indicted for gross inefficiency but had not been sanctioned, should be sanctioned;
- (x) that the process of sale and transfer of ownership of specified quantity of Petroleum products as indicated on item 11.1 of the through – put agreement should be more explicit in which NNPC Retails should have the powers to approve sales of the products:
 - (a) that where the third party buying the product is the Company, the process should be spelt out in a clearer fashion;
 - (b) that the Agreement should have a Senior Officer at the minimum level of General Manager to approve the sales when third party is the Storage Company.
